

Comments, Suggestions, Complaints and Compliments

If you have any comments, suggestions or complaints, please speak to a member of staff. We welcome any general comments about the services we provide and any suggestions of ways in which we can improve our services to you.

We hope you don't ever feel the need to complain, but should the occasion arise, in the first instance you should speak to the pharmacist regarding your complaint so that your concerns can be dealt with locally if possible. However, if your complaint is not resolved to your satisfaction, the next step is to contact the Pharmaceutical Society of Northern Ireland. The PSNI is the regulatory body with whom all pharmacists who practice in NI must be registered. All pharmacies are likewise registered by them. They work closely with the DHSSPS who carry out regular inspections to help us ensure that all pharmacists adhere to a Code of Ethics and to the laws relating to medicines.

Complaints should be made as soon as possible after the event and can be made in one of the following ways:

1. In writing to:

Complaints Manager,
Pharmaceutical Society NI,
73 University Street,
Belfast,
BT7 1HL

2. By email to:

complaints@psni.org.uk

3. By fax to:

(028) 90 439919

4. By telephone:

(028) 90 326927

Please include the following details:

- Your name and address
- Daytime telephone number on which you may be contacted
- Name and address of pharmacy / pharmacist concerned
- Brief outline of your complaint
- Date of the incident
- Whether any harm has been caused
- Any action you have taken to resolve the complaint

If your complaint is still not resolved to your satisfaction, and it is about medicines or services you received as a Health Service patient, you can also complain to the local Health and Social Care Board at the address detailed overleaf.

Disabled Customers

Regrettably, we are not able to provide wheelchair access to the shop at the present time. However, access is available at our other premises - located at 7 Newtownards Road. Should you require assistance, please telephone or speak to a member of staff who will gladly attend to you.

Oxygen Dispensing

We are fully equipped to supply oxygen to any patient on receipt of a valid oxygen prescription. Please contact us with any queries.

All medicines are dispensed in child resistant containers unless you ask us not to.

Please remember: **keep all medicines out of the reach and sight of children.** Our pharmacists can advise you on safe storage of medicines.

NHS Minor Ailments Scheme

The Minor Ailments scheme enables you to have a consultation with a pharmacist, without appointment, for a range of common conditions. The pharmacist can then recommend appropriate treatment and write a prescription for a selection of items that would otherwise need to be purchased over-the-counter.

NHS Unwanted Medicines service

Please return all unwanted medicines to the pharmacy where we will dispose of them safely.

NHS Health Advice and Self-Care

The pharmacist and our trained assistants are available for advice on all medicines and minor ailments, in private if required. We can also give you advice on how to live a healthy life, for example, advice on how to stop smoking or healthy diets. We can direct you to other sources of advice and assistance if we cannot help you ourselves.

Patient Medication Records

Our computers allow us to keep records of all your prescriptions dispensed by us. This helps us check for possible problems, such as reactions between medicines and will help us deal with any queries you may have.

We comply with the Data Protection Act and the NHS code of practice on confidentiality. If you want to discuss the records we keep, please ask to speak to the pharmacist.

NHS Medicines Use Reviews
